

Welcome to the inaugural advanced EASC course (AEASC).

This course builds on the EASC course which were first held in Letterkenny Donegal Ireland in 2012.

EASC Courses have expanded around the World , now run in 11 countries and attended by over 1000 surgeons and residents. EASC is regarded by the majority of those who participate as one of the best courses they attend.

EASC curriculum focuses entirely on the acute abdomen, in a multidisciplinary shared learning approach. The course is endorsed by many societies. It is constantly updated with the latest advances in Emergency Surgery Care.

Course Goals

- **How to deal with complex emergency case**
- **Identify mistakes that can be made**
- **Discuss advanced surgical techniques**

Who should attend ?-

Consultants and Residents in their last 2 years of training who want to be more confident in their care of emergency surgery patients

Donegal Clinical Research Academy would like to thank RCSI, WSACS and WSES and in particular the many faculty over the years for their support and K.S.Hegde Medical Academy of NITTE University for hosting this course SEUBP through the Centre for Personalised Medicine Emergency Surgery Cluster are supporting and advancing Emergency Surgery Care. EASC would like to thank ISS and IATSIC for providing the opportunity as a pre course.
